Join the GetMyHealthData New York Community Forum

Thursday, April 13, 2017
12:00 p.m. – 2:00 p.m. ET
New York State Health Foundation
1385 Broadway, 23rd floor
New York, NY

Join **GetMyHealthData**, a project of the National Partnership for Women & Families, **Health Care for All New York** and **New Yorkers for Accessible Health Coverage** to learn how you can get involved in efforts to improve New Yorkers' access to and use of their own health information.

Patients and caregivers need access to actionable health information so they can contribute to and shape their health care – from choosing the right health plan to understanding and following treatment recommendations. Clinicians and hospitals need help rethinking information sharing in the digital age. We're working to overcome barriers that stand in the way of the useful flow of health information. We hope you'll join us and offer your thoughts and expertise!

At the forum, we'll discuss consumer experiences, potential provider partners and opportunities to collaborate. **Lunch will be served.**

Please RSVP to Erin Mackay at
erin@getmyhealthdata.org

We Need Your Help!
To inform our work, we're collecting stories from real New York patients and caregivers about their experiences trying to get and use their health information. We'll dedicate time at the Community Forum to share personal and community experiences. Feel free to submit a story in advance: :
