Senate confirmation of Judge Brett Kavanaugh would be a tremendous and enduring setback for women, and for all of us who care about protecting women's health and rights. President Trump chose Judge Kavanaugh because of his opposition to Roe v. Wade and his willingness to gut or eliminate the Affordable Care Act, which would leave millions more people uninsured and would destroy critical protections, such as requiring coverage for pre-existing conditions and maternity care.

On Tuesday, August 21, join the national #PreExAtStake day of action and tweet storm to call on the Senate to reject Brett Kavanaugh and protect the health care of millions of people. Take a photo, tweet at your senators, join the tweet storm and make your voice heard! Contact Tucker Ball at tball@nationalpartnership.org with any questions.

PROMOTIONAL TWEETS

- ▶ Kavanaugh is a threat to Medicaid and the ACA, making it impossible for people w/ disabilities and pre-existing conditions to get affordable insurance. But we won't let it get that far. Join the #PreExAtStake tweet storm at 2 p.m. ET on 8/21. #StopKavanaugh
- ▶ Kavanaugh's confirmation to the SCOTUS would be a tremendous setback for women, our health and rights. Join the #PreExAtStake tweet storm at 2 p.m. on August 21 to make your voice heard and #stopKavanaugh!

SAMPLE TWEETS

- ▶ Kavanaugh openly criticized Chief Justice Roberts for voting to uphold the Affordable Care Act and, from the bench, repeatedly voiced his opposition. It's no secret Judge Kavanaugh is a threat to the ACA and people with pre-existing conditions. #PreExAtStake #StopKavanaugh

- ▶ Kavanaugh is a threat to Medicaid and the Affordable Care Act and make it impossible for people with pre-existing conditions to get affordable health insurance. He would threaten our access to health care. #PreExAtStake #StopKavanaugh
- ▶ Millions of people with disabilities rely on the ACA for access to critical health care. Without it, insurers could deny lifesaving coverage to people with pre-existing conditions. We won't let that happen. #PreExAtStake #StopKavanaugh
- ▶ If Kavanaugh is confirmed women could:
 - △ Lose #ACA protections of coverage for pre-existing condition.
 - △ Pay more than men for the same coverage.
 - △ Lose coverage if the ACA is gutted.
 #PreExAtStake #StopKavanaugh
- ▶ The ACA made it illegal for insurers to refuse to cover maternity care. With Kavanaugh on the Supreme Court, it could happen again. A vote for Brett Kavanaugh is a direct threat to the health and well-being of America's women and families. #PreExAtStake #StopKavanaugh
- ▶ More than 67M women and girls in the United States have pre-existing conditions. Thankfully, the ACA made it illegal to deny us coverage. But Kavanaugh could again make being a woman a pre-existing condition. Our health and well-being is at stake. #PreExAtStake #StopKavanaugh
- ▶ Disability rights are human rights. And when access to health care is threatened, the lives of people with disabilities are threatened. Together, we must #stopKavanaugh! #PreExAtStake
- ▶ The Affordable Care Act made it illegal to deny women coverage because they are sick or have pre-existing conditions including having had breast cancer or a C-section. If confirmed, Kavanaugh could take us backwards. #PreExAtStake #StopKavanaugh
- ▶ We won't go back to the time when being a woman was a pre-existing condition. #StopKavanaugh #PreExAtStake
- ▶ On 9/10, a federal district court in Texas will hear a challenge to #ACA protections against charging more or denying coverage to people with pre-existing conditions. If the case goes to SCOTUS, Kavanaugh could tip the balance to gut the ACA. #PreExAtStake #StopKavanaugh
- ▶ 67M women w/ pre-existing conditions could lose affordable coverage if the Senate confirms Kavanaugh and SCOTUS considers the TX case challenging the

ACA. Kavanaugh would shift the balance on the court for the powerful and against the people. #PreExAtStake #StopKavanaugh
